Academic Search Ultimate™

The ultimate multidisciplinary research tool for scholars

Unrivaled Global Scope

With thousands of international full-text journals from North America, Africa, Asia, Oceania, Europe and Latin America, *Academic Search Ultimate* provides unparalleled regional coverage. Offering locally published content integrated with region-specific authoritative resources from all over the world, *Academic Search Ultimate* provides a comprehensive research experience for students seeking a broader, more global perspective.

Unequaled Coverage of Key Subject Areas

- Anthropology
- Astronomy
- Biology
- Chemistry
- Engineering
- Ethnic and multicultural studies
- Geography
- Law
- Mathematics

- Pharmaceutical sciences
- Physics
- Psychology
- Religion and philosophy
- Science and technology
- Veterinary science
- Women's studies
- Zoology
- And more

11,000
Active full-text journals & magazines

10,000
Active full-text peer-reviewed journals

7,000
Active full-text peer-reviewed journals with NO embargo

6,200
Active full-text journals indexed in Web of Science or Scopus

60,000+
Videos from the Associated Press

*Projected numbers for June 30, 2017

Academic Search Ultimate

1 Limiters used within a specific search
Overview of the limiters and easy possibility to removing them within the search

2 Frequently used limiters
Fulltext, References Available, Peer-reviewed, date of publishing

3 Advanced Search tools
Besides a simple search you can also use several search boxes, boolean operators or selective search in specific fields

4 Thesaurus terms
Focus your search clicking on selected subject terms

5 Full-Text availability
Access to the full-text after the only click

6 Personal folder
In your personalized folder you can store the documents found or create alerts

7 Image Quick View
Fast displaying of illustrations, graphs and figures out of the documents

8 Help and tutorials
EBSCO Support Site containing help and tutorials in Polish and many other languages are linked at the bottom of any site on EBSCO*host*
