

IEEE/IET Electronic Library

Your institution has been given a free trial to IEEE IEL collection

March 16th – April 17th 2015 – to access content go to ieeexplore.ieee.org

Drive innovation with the most comprehensive collection from IEEE

Featuring content from IEEE, as well as the Institution of Engineering and Technology (IET), the IEEE/IET Electronic Library (IEL) contains one-third of the world's current literature in electrical engineering, communications, and computer science. IEL provides access to technology's most trusted journals, conference proceedings, and standards—giving you the research you need at an outstanding value.

IEL delivers key benefits for researchers:

- Drive new ideas, designs, and applications with cutting-edge research
- Develop better solutions faster by understanding the technology landscape
- Stay ahead of new advancements and benchmark competitor research
- Increase productivity by reviewing previous research so you don't reinvent the wheel
- Accelerate innovation and patent development with convenient access to proven research all in one place
- Increase scholarly output and new research development

New IEEE Journals for 2014

Always at the forefront of technology, IEEE is adding eight new journals in 2014:

- *IEEE/CAA Journal of Automatica Sinica*
- *IEEE Cloud Computing*
- *IEEE Transactions on Computational Social Systems*
- *IEEE Transactions on Control of Network Systems*
- *IEEE Electrification Magazine (late 2013)*
- *IEEE Internet of Things Journal*
- *IEEE Transactions on Network Science and Engineering*
- *IEEE Power Electronics Magazine*

IEEE/IET Electronic Library Quick Facts

Save time and money with convenient access to vital technology research:

Unlimited access to nearly 3 million full-text documents

166 IEEE journal, magazine and transaction titles

26 IET journal, magazine and transaction titles

1,200+ IEEE conference titles

20+ IET conference and seminar digests

Over 2,500 approved and published IEEE standards, excluding drafts

IEEE Standards Dictionary Online, IEEE Redline Versions of Standards (where available), and select VDE conference papers

Backfile to 1872 for select titles

Subscribing to all current IEEE and IET publications separately costs more than US\$757,000. A typical IEL subscription includes more content for just a fraction of the price.

With pricing tailored to the needs of your organization—you can be sure you're getting the best value for your money.

For a custom quote, contact an IEEE Sales Representative.

Access respected technology research that generates results

IEEE *Xplore* includes top-ranked journals and technology research that is cited in patents three times more often than any other publisher. With over 3 million full-text articles and papers, IEEE *Xplore* is your gateway to more than 30% of the world's current literature in electrical engineering, electronics, and computer science.

Find relevant research faster with powerful search tools

IEEE *Xplore* combines an easy-to-use interface with powerful search tools that make finding relevant research faster and more efficient.

Search: Intelligent features such as convenient type-ahead, a functional search breadcrumb trail, and a "Refine/Expand Results" module let you modify and find results easier than ever before.

Personalize: You can also personalize IEEE *Xplore* to create targeted saved searches and table of contents alerts, set personal preferences, and take advantage of enhanced features like search history and My Projects.

IEEE *Xplore* also provides:

- Basic, Advanced & Command search options
- IP and Shibboleth/Athens authentication
- INSPEC[®] abstract/citation and bibliographic records
- Persistent links (OPAC)
- Daily content updates

Get the latest research in a wide range of technologies:

- Aerospace and Defense
- Biometrics
- Computer Hardware and Software
- Electronics
- Medical Devices
- Nanotechnology
- Optics
- Power Engineering
- Robotics
- Semiconductors
- Smart Grid
- Telecommunications
- Wireless Technology and more
